HIGHLIGHTER

September, 2009

From the President

Kevin R. Loughlin, M.D.

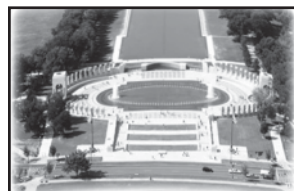

Welcome to the NEAUA Annual Meeting in Washington, D.C. The scientific program is diverse and will include state-of-the-art lectures by Mike O'Donnell and Lou Kavoussi. Arie Belldegrün will deliver the Leadbetter Lecture. We have also included an advocacy session under the direction of Art Tarantino which will address the current socioeconomic issues that impact our profession as well as the opportunity to visit your Congressional representatives.

Jeff and Patty Ranta have arranged an exciting social program which will include events at the Newseum and the Spy Museum.

Finally, AUA instructional courses on prostate cancer and practice management will be offered at the outset of the meeting and an AUA-approved hands on ultrasound course will be given at the conclusion of the meeting on Sunday morning, September 27th. We hope you will enjoy the meeting.

Best regards,

Kevin R. Loughlin, MD, MBA

From the Secretary

E. Ann Gormley, M.D.

Welcome to the New England Section of the AUA's 78th Annual Meeting. The Scientific Program Co-Chairs, Drs. Andy Das, Jim Hu, and Shahin Tabatabaei have developed an outstanding program including paper presentations, poster sessions, state-of-the-art lectures and panel discussions. The meeting will be preceded by two AUA instructional courses on Thursday – "Urology Practice Presentation: Governance, Recruitment and Physician Phase-Out" with Steven M. Schlossberg, MD; and "Prostate Cancer Multidisciplinary Management in the Baby Boom Generation" with Judd W. Moul, MD. On Thursday the scientific sessions will focus on prostate cancer, general urology and BPH.

The scientific sessions on Friday will address prostate laparoscopy, upper tract and bladder laparoscopy, cancer, stones, erectile dysfunction/ incontinence, basic science and pediatrics. Also on Friday will be an enlightening point-counter point debate on Radical Prostatectomy.

(continued on page 7)

SCIENTIFIC PROGRAM HIGHLIGHTS

INVITED GUEST SPEAKER - Friday, 11:50 a.m.

I'm Not A Pilot

Louis R. Kavoussi, MD

INVITED GUEST SPEAKER - Saturday, 10:30 a.m.

Michael O'Donnell, MD

FINANCIAL SPEAKER - Friday, 11:20 a.m.

Joel Blau

LEADBETTER LECTURE - Saturday, 11:00 a.m.

Personalized Kidney Cancer Therapy: The Future is Here

Arie Beldegrun, MD

PRESIDENTIAL ADDRESS - Saturday, 12:00

Kevin R. Loughlin, MD

SOCIAL PROGRAM HIGHLIGHTS

WELCOME RECEPTION

Thursday, September 24 / 5:30 pm - 7:00 pm

The Welcome Reception offers a chance to renew old acquaintances and unwind after a day of science and visits to Capitol Hill. Let us welcome you to the NE-AUA 78th Annual Meeting by enjoying cocktails and hors d'oeuvres in the Exhibit Hall, Grand Ballroom South/Central.

Attendee Reception at the Newseum Friday, September 25 / 6:30 pm - 8:30 pm

Don't miss this great opportunity to explore the Newseum during the Attendee Reception. The Newseum, the world's most interactive museum, where five centuries of news history meets up-to-the-second technology, will immerse you in the world's greatest news stories.

PLEASE NOTE: Be sure to register your guests in advance with a spouse/guest registration. Anyone without a badge will not be able to enter the Newseum.

Attendees will have access to the:

Great Hall of News, Level 1

Take in the majesty of the 90-foot-high atrium and keep up with the news on the high-definition media screen.

Pulitzer Prize Photographs Gallery, Level 1

Hear from the photographers who captured the world's greatest news photographs.

Ethics Center, Level 2

Test your knowledge of the ethics through interactive kiosks and a lively game that illustrates the tough decisions journalists face in their work.

Interactive Newsroom, Level 2

Step behind the camera, sit at the anchor desk, grab a pen and notebook—do you have what it takes to be a reporter? Test your skills at interactive game kiosks, or give a live news update on camera.

PRESIDENT'S RECEPTION AND DINNER

International Spy Museum

Saturday, September 26

Cocktails

6:30 p.m. – 7:00 p.m.

Museum Tours

7:00 p.m. – 8:00 p.m.

Dinner

8:00 p.m. – 10:00 p.m.

Your mission, should you choose to accept, is to take an unforgettable hands-on tour of the all-but-invisible profession that has shaped history and continues to impact world events every day. Attendees will gain access to the world's largest collection of international espionage artifacts. Explore interactive exhibits about weapons, disguise and surveillance. Discover the history of spying from biblical times to the present. Intrigue and deception, heroes and villains, history and technology - at the International Spy Museum, there's something for the spy in all of us. Dinner will follow in a private dining space at Zola, one of the hottest restaurants in Washington, DC, winner of the Wine Spectator Award of Excellence and named one of the "75 Best New Restaurants in the World" by Condé Nast.

PLEASE NOTE: Be sure to register your guests in advance with a spouse/guest registration. Anyone without a badge will not be able to enter the Spy Museum.

TREASURER'S MESSAGE

As you are all aware, the sum total description for the performance of the financial markets, both domestic and foreign, is tumultuous, to say the least.

The impact on the Section has seen the investment account contract. But I am happy to say, in recent months, we have outperformed the market in our recovery by several percentage points. The diversity of the portfolio, under the management of Mediquis Asset Advisors Inc., has allowed for less risk but again, despite this, recent market declines have not left any sector untouched. It will be important for the Board to examine the other investment strategies available for this account. These will be presented at our Board meeting by the head of Mediquis, Joel Blau, who will guide us to try to minimize risk, while creating the long term growth envisioned for these assets. Mr. Blau will also be giving a presentation entitled "*Ready for the Next Bear Market? How to Build a Weather-Proof Portfolio*" to meeting attendees on Friday at 11:20 a.m.

Regarding year to year operations, the Section derives the necessary funds for its activities largely through the Annual Meeting revenues. This year, as with last, is showing that the resiliency of our industry colleagues has suffered as well, given the present economic climate. For this year's meeting, we have already seen a number of companies pull out of the meeting, after they had initially committed. Fortunately, despite this attrition, we have achieved the budgeted amount for exhibitors with sales outpacing last year's offshore meeting in Puerto Rico. The largest decline in corporate support has been seen for the event sponsorships during the meeting, as well as scholarship/resident prizes/travel stipends. These contractions are also, unfortunately, being experienced at the national AUA meeting level.

Meeting attendance looks to be strong and this will certainly help the overall position - a credit to the organizers for the robust and engaging program set forth.

Overall measures are taking place to 'readjust' expenditures for the meeting where possible and the Board will closely examine these new economic realities for their effects on the upcoming years' budgets.

Should you have any questions or comments, please feel free to contact me at anytime.

Thanks, as always, for allowing me the privilege to serve the Section in the capacity as your Treasurer.

Respectfully,
Mark K. Plante, MD, FRCS(C), FACS
Treasurer – New England Section AUA

NE AUA Going Green

At the conclusion of this NE AUA Annual Meeting, most future communications with the membership will be via electronic distribution. Communications, including the Highlighter will be sent via email and posted on the website.

Members who wish to continue to receive "paper" from the NE AUA, should contact the Administrative Office at (978) 927-8330, neaua@prri.com to make arrangements for "paper" communications.

FROM THE SECRETARY *(continued from page one)*

Francis McGovern will argue “*Anything A Robot Can Do, A Scalpel Can Do Better*” and Richard K. Babayan will present “*Wake Up And Smell the Coffee, The Robot Is The Way To Go.*” Dr. Louis Kavoussi from Northshore University Hospital, one of our invited speakers, will give a lecture entitled “*I’m Not a Pilot*”. A highlight of Saturday’s session will be the Wyland F. Leadbetter Lecture delivered by Arie Beldegrun, MD. from UCLA Urology. Dr. Beldegrun will address “*Personalized Kidney Cancer Therapy: The Future is Here.*” The program on Saturday will feature sessions on community urology and oncology and will also include a video session. In addition, Dr. Michael O’Donnell from the University of Iowa will speak on “*New Developments in the Management of Non-Muscle-Invasive Bladder Cancer*” and Dr. Kevin Loughlin will present his Presidential Address entitled “*Massachusetts Universal Healthcare: Lessons Learned*”.

A very different aspect of this meeting will be a special session on Thursday afternoon on legislative updates, as well as an advocacy training luncheon. This will be followed by visits to Capital Hill to meet with your local representatives. Art Tarantino has been coordinating this aspect of the program which we believe will provide a unique opportunity for Section members to become more involved in this important process.

On Sunday morning, an ultrasound hands-on course has been scheduled. This educational session is limited to 20 participants and if you are interested in attending please check with NE AUA staff at the Registration Desk.

Thanks to Patty and Jeff Ranta have planned an extensive social program that will take full advantage of this historic and educational location. The Social Program includes the Welcome Reception on Thursday evening in the Grand Ballroom of the Renaissance Hotel. On Friday evening a reception will be held at Newseum, a new museum that offers visitors an experience that blends five centuries of news history with up-to-the-second technology and hands-on exhibits. The reception will be catered by Wolfgang Puck Catering and will provide some unique tastes and flavors. Completing the social events of the Annual Meeting will be the President’s Reception and Dinner on Saturday evening. This will start at the International Spy Museum where we will have an opportunity to learn about the history of spying from biblical times to the present while we explore exhibits about weapons, disguise and surveillance. Dinner will follow in a private dining space at Zola, one of Washington’s hottest restaurants.

AUA Leadership Program

If you would like to become more involved in the future of the New England Section and the AUA and are 1 – 15 years out of training, you should consider applying for the 2010-2011 AUA Leadership Program. Information and application forms are on the AUA web site (www.auanet.org/leadership2010). Applications are due Monday, December 28, 2009.

NE AUA Awards

The 2009 Practicing Urologist Research Award and the Post Residency Research Grant will be awarded during the 2009 Annual Meeting. Congratulations to:

Practicing Urologist Research Award
John Stoffel, MD, Lahey Clinic

Post Residency Research Grant
Joseph Renzulli, MD, Rhode Island Hospital
