Keynote Presenter:
**Gary E. Lemack, MD**
Dr. Lemack is Professor of Urology at The University of Texas Southwestern Medical Center, and Director of the Residency Program. He has a secondary appointment in the Department of Neurology. He is also the Program Director for the Fellowship in Female Pelvic Medicine and Reconstructive Surgery at UT Southwestern. His clinical practice focuses on care for women with incontinence, pelvic organ prolapse and other refractory bladder disorders. He is currently the Vice President for the Society of Urodynamics, Female Pelvic Medicine and Urogenital Reconstruction (SUFU), chairman of the Membership Committee for the Society of University Urologists, and is the Editorial Consultant for the Examination Committee for the American Board of Urology.

---

**Presenters, Objectives & Target Audience**

**Keynote Presenter:**
**Jay Motola, MD**
Jay Alan Motola MD is the Assistant Professor, Hofstra North Shore-LIJ School of Medicine, and practices at the NSLIJ-Smith Institute in Manhasset, NY. Dr. Motola earned his Doctor of Medicine degree at Stony Brook University. For the last several years he has been focusing on the minimally invasive treatment of prostate cancer with minimally invasive organ sparing techniques such as cryotherapy and high intensity focused ultrasound (HIFU). His clinical interests also include kidney stones, bladder cancer, and prostate enlargement. He also treats female incontinence and performs pelvic reconstructive procedures. He is Chair of the Practice Management Committee of the AUA, and Secretary-elect for the New York Section of the American Urological Association.

---

**Stephen T. Ryan, MD**, Maine Medical Center, URO-2. Dr. Ryan received his undergraduate at the Univ. of North Carolina, Chapel Hill, NC. He did his undergraduate work at Georgetown University, Washington, DC, and received his Medical Degree from East Carolina University School of Medicine, Greenville, NC.

**Patrick Murray, MD**, Maine Medical Center, URO-1. Dr. Murray did his undergraduate work at University of Oregon, Eugene, OR, and received his Medical Degree from the Virginia Commonwealth University School of Medicine, Richmond, VA.

---

**Lindsey Kerr, MD**. Dr. Kerr is a member of Urological Surgery of Maine in Bangor. She completed her urology training at the Mayo Clinic and fellowship in lower urinary tract dysfunction and pelvic reconstructive surgery at Harvard University. She brings her expertise to EMMC after establishing and directing the Vermont Continence Center in Burlington, Vermont, The Pelvic Care and Continence Center at the University of Utah, and The University of Louisville.

**Krishna Bhatta, MD.** Dr. Bhatta is a member of Urological Surgery of Maine in Bangor. He received his medical degree from Patna, Bihar, India and the United Kingdom where he trained in urology and general surgery. He obtained FRCS from Edinburgh, Scotland and London, England. He did a urology fellowship at Massachusetts General Hospital, Boston, MA. Dr. Bhatta specializes in prostate surgery and is trained to do robotic prostatectomies, open and laparoscopic nephrectomies, cystectomies, and stone treatments. He is past president of Maine Medical Association and is on the hospital board at Sebasticook Valley Hospital.

---

**David Chalmers, MD**, Maine Medical Partners Urology. Dr. Chambers is Board Certified in Urology. He received his Medical Degree from Wake Forest University School of Medicine. He did his residency at the University of Connecticut, and did his fellowship at the University of Connecticut Health Center. His Clinical Interests are Pediatric and General Urology.

---

**Thomas Kinkead, MD** is a member of Maine Medical Partners Urology and is affiliated with multiple hospitals in the area, including Maine Medical Center and Mercy Hospital of Portland. He received his medical degree from University of Vermont College of Medicine and has been in practice for 28 years. He is President-Elect of the New England Section of the AUA.
